Dear Parents

Greetings of the Day!

It will be not wrong, if we say, Children have again proved themselves to be the winners as even during this unprecedented time of COVID-19 their learning has not stopped. The spread of this virus has given a new dimension to the Teacher, Student and Parent partnership with the Online Teaching. Thank you very much for your cooperation.

During Online Classes, students are being sensitized towards the importance of staying at home and how to keep themselves protected from this virus by taking simple measures.

As now we are heading towards Summer Vacation of the students, their Teachers have planned for some Activities / Homework for the students. We know that, every child is born with some inherent qualities which we as Teachers / Parents are responsible to develop through varied activities.

Considering this, we have tried to keep “Summer Holidays Homework” simple and informative but interesting as well, so that our DAVians love to spend their time in completing it. The objective of Holiday Homework is to enable our children to work independently and also to improve their academic skills.

Few Suggestions For Parents:

- Motivate your child to read good story books.
- Teach them the importance of moral values in their life.
- Encourage them to do one handwriting page each of English, Hindi & Odia daily.
- Giving them small responsibilities in household chores will aid them to be independent.
- Keeping in view the prevailing situation, indulge yourself in various indoor games with your child.
