SYLLABUS - UKG (2021 – 22)

2nd June 2021

Dear Parents

Greeting of the day! Hope you and all members of your family are in good health.

Please go through the Syllabus of UKG. It will provide you an outline of all the essential information about the teaching and learning procedure of your Child. It has the information related to the topics the child will study, as well as the due dates of any coursework, assessments etc.

While teaching the content of various books, a lot of emphasis will be laid on developing Listening, Speaking, Reading and Writing Skills. Writing and Oral Skills will be duly interspersed with lots of action evoking rhymes, fun filled activities, competitions, functions and celebrations to be observed throughout the year.

To check the Scholastic and Co-Scholastic milestones covered by a student, it is necessary to assess the students on a continuous basis. This will enable the school to give a precise projection of the complete development of all aspects of a child's personality - Intellectual, Physical, Social, Emotional and Spiritual.

Now, due to COVID-19 classes of UKG will be conducted online. During the Online Classes, students will be assessed continuously through Classwork, Homework, Oral Questions, Assignments, Conversation, Recitation, Class Response, Maintenance of School Uniform, Regularity, Punctuality and participation in various activities and programmes conducted online by the school.

A lot of such activities will be done in the Online Classes; information about such activities will be given through notices and circulars in the Students WhatsApp Group.

Participation of students in these activities will be meticulously recorded for the purpose of Comprehensive Evaluation. Keeping the above parameters of assessment in mind, parents are requested to encourage their children to participate in various activities and school programmes along with preparation of academics.

Absence from the Online Classes is not permissible, as this system vouches for a continuous process of evaluation going along with teaching programme from day-to-day.

The Syllabus is mainly divided in three parts:

- a) Unit - I (April 2021 to August 2021)
- b) Unit - II (September 2021 to November 2021)
- c) Unit – III (December 2021 to March 2022)

At present, you have been provided with the Syllabus of Unit – I, Syllabus of Unit – II and III will be given to you in due course of time.

The students will be assessed thrice in this Academic Session (2021-22) i.e. in the months of August 2021, November 2021 and March 2022.
